Creating A Service Sheet

Where to Start

Choosing a template is a great place to get started.

Our guide provides a variety of templates from modern and minimal photo based designs, to all kinds of themed templates. If nothing seems to be the perfect fit, don't hesitate to talk to our design team to see how we can further assist you.

***Note:** Our designs are adaptable so as to ensure that your booklet uniquely reflects your loved one.

What Would You Like To Include

Have a look at the template you have chosen and consider how many photos you would like to include. On page 2 of our guide is a breakdown on what to consider including ie: order of service, poems, quotes etc.

***Tip:** It is nice to select a few quotes that can be placed throughout the booklet. This can add a more personalised touch.

What We Need From You

Once you have made all your choices it is time to talk to one of our design team members.

We will need to know:

- What template you have chosen.
- How many photo's you would like to include.
- A breakdown of the wording you would like on the front, back and inside on the booklet. Including any of the following; quotes, poems (custom or selected from our examples on pages 13-16 of our guide), life sketch, order of service or any custom wording of your choosing.

***Tip:** If you are having a no service, a life sketch is a nice way to personalise your booklet. (See page 17-18 of the guide for more information.)

How To Send Everything Through

All photos will need to be send via email design@pettigrew.com.au or wetransfer.com (for those also putting together a photo presentation).

Your chosen content, poems/quotes etc can be send via email or discussed over the phone with our team. We require all your choices by 10am the day prior to the service.

Our team will be in contact with you if we require any further information about the content sent through.

Our team is here to help if you have any further questions at this stage.
